SUMMARY

- Enthusiastic and motivated Frontend Developer with a strong foundation in HTML, CSS, JavaScript and ReactJS eager to contribute to web development. Recently completed Full Stack Development course and developed several personal projects showcasing skills in responsive design and user interface development. Passionate about creating engaging user experiences and continuously learning new technologies. Looking to leverage my skills in a collaborative environment to help build innovative web applications.
- Passionate fresher with a strong foundation in Python, Excel, and SQL.. I have hands- on experience in writing efficient Python code and utilizing Excel for data analysis. Additionally, I have a solid understanding of SQL for database management. I'm eager to apply my skills and contribute to the IT field.
